Humbly yet proudly we, the class of 1946, dedicate our volume of the Neff-Vue to Dr. C. Howard Witmer—one who unsparingly gives his all to help youth. Through his diligent service as president of the Manheim Township School Board we students have prospered infinitely. Largely responsible for the beautiful educational structures in our township, for the extensive health program, and for the addition of football is this versatile gentleman. Thank you, Dr. Witmer.

ARLENE VARNER

"Arlene"

Arlene is the skillful goalkeeper on our hockey team. By her efforts, the opposing teams have been thwarted many times of making goals. Arlene has definitely decided her future career. As a nurse, we feel certain that she shall succeed with the same persistent qualities which she has exhibited in the many athletic activities.

Dear Class of 1956,

Ten long years have passed since we, the Class of '46, went forth from the halls of dear old M. T. H. S., full of ambition and enthusiasm, yet somewhat hesitant as to how to face the future. One question in the minds of each and every one of us was "Will I be a success?" Well, you can rest assured we have been a very successful and prosperous class, being represented in practically every profession and line of work.

Recently, PAULINE NESS, famous editor of the New York Times, published an amazing editorial about the great work being done by noted brain surgeons, ROBERT HERR and DAVID GANSE and skilled nurses PHYLLIS MILLER and DORIS MARKLEY. The unfortunate victim of their latest attempts is Dr. WILLIAM SLOYER, who temporarily lost his mind while trying to keep the inmates of his mental institution under control. During his absence IRENE LAPKIN, brilliant young psychiatrist, will take over the duties of Dr. Sloyer.

Also gaining fame in the Medical Profession is Dr. ALAN LOSS, who is now raising funds for his new charity hospital in New York City. It's bound to be a great success with THELMA ALEXANDER, MILDRED LAUSCH, and YVONNE CLARK as head nurses. Dr. Loss is also planning to have ROSE MARY ROLAND, ELIZABETH HOFFMAN, GERALDINE LEFEVER, ARLENE VARNER, and JOAN EFFING on his nursing staff.

Going from the Medical Profession into the Business World, we find JOHN MARKLEY, who is now president of the National Meat Packers' Association, busily dictating letters to his efficient secretary, GLORIA KNOTWELL, while his bookkeepers, CHRISTINE SHARPE and CAROL COCHRAN, check over the immense profits brought in by high-pressure salesman, BOB BORTZFIELD. PAUL HERR, who is running a large-scale chicken farm, keeps Johnnie's business supplied with fresh poultry daily. Since business has been booming lately, Johnnie had to appoint that prominent New York lawyer, BRO MARTIN, to take care of the legal matters of the company.

The latest report received on the Field of Engineering was given by world traveler, DORIS ADAMS. While visiting in France, she met GILBERT BOHLIN, who is planning the construction of a new bridge. He has engaged BOB SPALDING to take charge of the construction, while RICHARD TAYLOR will take care of all electrical equipment and WILLIAM NICK will take care of all business matters.

BILL BRADER and ED MILLER have been working busily in their chemistry laboratory trying to perfect a better petroleum for the High Test Petroleum Company owned and operated by BILL BUNTING. In order to protect his business it was necessary for Bill to hire JACK ZARKER as his lawyer.

ROBERT RUSSEL, Agricultural Expert, and JAMES LANDIS, Meteorologist, got together to compose an almanac and have gained so much wealth and fame that they are ready to retire for the rest of their lives.

Prophecy

• • •

The Army and Navy is represented by HAROLD WARFEL, who has served five years in the Army, and by JOHN COBLE, who has served seven years in the Navy. Along with those serving our country, we find HOWARD HAUS, who has been very successful as a military expert.

If you happen to be visiting New York and wish to be entertained, perhaps you would like tickets to the Metropolitan Opera where you will hear JEAN FETTER, who is making her debut in the great performance of "The Marriage of Figaro" singing the role of Countess Rosiana. If you enjoy this squealing and this hair-raising music, buy your tickets to the opera "Carmen" early because the nationally known MARIE SIEGRIST will sing the title role.

The ECKMAN School of Music, which was constructed by architect EMMANUEL MURRAY, is now well on its way to success. MARY LOU WITMER has received her Doctor's Degree in Music and has chosen teaching as her lifetime profession.

When you wish to be entertained while at home, just turn on the radio and immediately you recognize the familiar technique used by a certain pianist. Her fingers flash over the keyboard and instantly you know it is the well-loved and honored JANET GROSSGLASS. Or if you prefer jazz to classical music, listening to the "Swing Master's Band," will really get you in the groove. Organized by GLORIANNE STONER and EVELYN NIXDORF, it is fast becoming one of the most popular bands in the country. Incidentally, four of our former classmates are members of the band, JANE MANBECK at the "ivorys," DAVID SMITH beating it out on the drums, HOWARD MERRIL playing the sweetest trombone on this side of heaven, and BILL MALONEY, vocalist.

Skimming over the sports page of your newspaper, you can't miss sports writer JOHNNIE COLDREN'S much-read column about the world's greatest baseball pitcher, DON GOOD. Even in school Don brought his team to victory many times.

GLADYS KENDIG'S art shop has grown so rapidly and the demand for her work has become so great she finds it necessary to hire a secretary, and who could be better than ANNALEE DICELY! Gladys has also been considering hiring an assistant and finds that JANE NAGLE has been recognized by several of the world's outstanding fine art lovers.

The SELLER'S Millinery is where the cream of society seek the latest fashions. Many times Gloria has sold hats to KITTY ANN MOORE, who is becoming very successful in her profession of Personnel Labor Relations.

JANE HESS is hard at work redecorating the pleasant little home of housewife, "DOTTIE" MILLER. "Dottie" points with pride to the charming little curtains made and designed by RHODA ESBENSHADE.

"If at first you don't succeed try, try again." This has been our secret for success. Best of luck to you in the future!

Sincerely

The juniors are known as one of the most vivacious classes in the school. Since their first organization in ninth grade, they have kept themselves busy planning inside and outside school activities. As a class the juniors are very active in sports; nevertheless, scholastically they rank high. In their sophomore year several male members left school to go into the service of their country, but the class carried on. During the past few months every junior worked earnestly to make the Junior Play a great success.

Under the competent direction of Miss Priesler, the Tri-Hi-Y Junior and Senior girls have taken on many new responsibilities and activities during the school year. Helping with the refreshment stand during football games, sponsoring a social hour, and promoting stamp sales are new duties which the Tri-Hi-Y has undertaken. A barn dance, debates, talent hour, movie party, and mother and daughter banquet are some of the good times which the Tri-Hi-Y girls have enjoyed.

HI-Y CLUB

After a year of idleness the Hi-Y has been reorganized under the supervision of Mr. Druckenbrod. The Hi-Y has offered to lend its services to the school wherever they might be needed. The boys of the Hi-Y have helped to collect tickets at basketball games, and sponsored the social hour after the Ephrata basketball game.

SAFETY PATROL

The safety patrol, which is comprised of students from grades seven to twelve inclusive, has, under the supervision of Miss Shaw, accomplished its job of promoting safety very satisfactorily. SENIOR DRAMATICS CLUB

Since the Senior Dramatics Club has been interrupted in its activities this year by the lack of a faculty advisor, little has been accomplished by the Club. In the few months in which the Club met a speaking choir was started, and work on the annual scrapbook had begun. In previous years the Club has entertained the student body with a series of one-act plays.

SENIORS PRODUCE "SPRING GREEN"

The enthusiasm for light comedy still reigned as the seniors chose a play to be presented on November 16 and 17, 1945. Mrs. Dorothy J. Keiser, the class's director for its junior play, produced and directed a cast composed chiefly of members of the play cast of the spring production. The merry-go-round started rolling six weeks before the nights of presentation. The play rehearsals proceeded according to schedule in spite of continued absenteeism due to the epidemic of influenza. On the opening night, with fifteen thespians on board, the wheel ran smack into the jumbled family affairs of Nina Cassell. Each player received his share of the troubles arising over the appearance of an Army Major and his foolhardy son. Nevertheless, as is the custom of most comedies, these wrinkles were all ironed out leaving everyone happy that they were aboard the whirl-wheel. The merry-go-round went round and round long after the closing minutes of the final production, for the exceptionally receptive audiences reconstructed the farce over and over again in their minds. "Spring Green" indeed regis.ered a solid blow when it was presented to the patrons and friends and students of Manheim Township High School.

THE JUNIOR PLAY, "ALIBIS, LIMITED"

Dramatizing before fine, responsive audiences on Friday and Saturday nights, March 23 and 24, 1945, the juniors developed "Alibis, Limited" into a rousing hit. Fifteen actors collaborated with the entire class in pleasing the onlookers with the apparent unsolvable dilemmas of Ken Crothers, youthful business executive of Alibis, Limited, Inc., engineers of human problems. The incorporation thrived on the smoothing out of personal difficulties of its clientele. When three cases of similar natures arose at once, confusion broke loose among the personnel of Ken's company—the result, well, it all contributed in making the three act comedy a brilliant success.

During the past year the art class, which includes grades from tenth to twelth, has been doing a wide variety of work under the supervision of Mrs. Martha Johnson. Still-life models done in pastels began the year's work followed by block printing, stenciling, pencil sketching, and ceramics, which proved to be quite interesting and successful. Throughout the year, various projects were exhibited in the library.

The A Cappella Choir under the able leadership of the new director, Mr. Shaar, has had a very busy year. In spite of a slight delay in the beginning of the year, the choir has been active in many programs. It has sung in several assembly programs, at Parent-Teacher Meetings, at business conventions, at the Second Annual Concert and at Commencement. The outstanding event of the year, however, was the program for the State council of School Directors. The choir is looking forward to another busy and successful year.

BAND

Under the competent leadership of Mr. Landry, the Band has had a considerably busy year. Besides appearing at numerous parades and patriotic ceremonies, it has played at most of our football games. The Band has also elected officers and set up an organized system for the first time in many years. The resuming of State and District musical activities has enabled some of our better musicians to represent their school.

ORCHESTRA

Following on the heels of last year's improvement, the orchestra under Mr. Landry's capable direction continues along its path of expansion along symphonic lines. Working along a regular concert orchestra's pattern, the group is making progress on hitherto difficult musical scores. The enthusiasm of its members promises a bright future.

MANHEIM TOWNSHIP HIGH SCHOOL'S ATHLETIC DEVELOPMENT

• • •

At the site of the present school building, twenty years ago, there were one hundred and sixty four grammar students attending the Neffsville Junior High School. Athletic diversion from the usual routine of school life was very desirable then, just as extracurricular activities are today considered essential to the well-rounded development of a young citizen in school. Hence the school entered the Lancaster County Junior High School court league and inaugurated basketball at Manheim Township. Mr. Ed Sheffley coached the male quintet, and Miss S. J. Hoover tutored the girls in the fundamentals of basketball, leading them to eleven wins in sixteen games.

Basketball Inaugurated

"Get your copy of the 'Neffsville News'! Only 2¢. Hurry! Hurry! Read the latest sports events at the junior high school." These calls no doubt echoed through the halls of the building during the 1926–27 school year. This was the first student publication at Manheim Township, a monthly, mimeographed paper. The basketball squads this year each had ten members with the boys going through their schedule with 8 wins for a tie in the Class C division of the league. Pupils wishing to continue their high school education during these years had to attend the Lancaster Boys' or Girls' High Schools.

On Monday night, January 2, 1928, a $200,000 fire destroyed the school building causing a disruption of the academic and athletic schedules for the year. Mr. C. M. Oberholtzer, faculty manager of athletics, announced that the basketball schedule would be suspended due to lack of equipment and playing facilities.

The following year, 1928–29, saw at Neffsville a rather sad picture, insofar as athletics was concerned. Nevertheless the school went through with a 15-game basketball schedule, playing all the games on foreign courts, and to the amazement of all concerned came through with the Lancaster County championship. Mr. Jack Brett coached this squad. This same year marked the beginning of varsity track at Manheim Township with Mr. W. K. Lewars coaching the youths. The squad won the important Upper Leacock Junior High School Track Meet. May Day celebrations took place this year to start a tradition at the school. The program was held on the lawn to the front of the new school building which was erected on the site of the previous one for a cost of $300,000. This building, dedicated November 8, 1928, held at the time 550 pupils in grades 1 to 9, but had accommodations for twelve grades. At the May Day fetes, interschool tournaments in track and tennis were held. Pupils from the township grade schools participated (Brecht, Rossmere, Eden, Oregon, and Neffsville).

In 1929 and 1930 the athletic calendar again consisted of boys' and girls' basketball and track. Mr. Lewars tracksters captured the Upper Leacock meet for the second straight year. A squad of 20 tackled a big 20-game basketball schedule in county junior high school competition.

The increased student body at the school this year granted the addition of soccer and baseball to the sports calendar. Mr. Lewars was appointed head coach of athletics during this, the 1930–31 school year at the Manheim Township Junior High School, Senior High School. This year the new sport, soccer, made a big hit with the students and the team came through the season undefeated, the champions of the county. This year senior high school basketball was inaugurated also with Mr. Arthur Ott coaching. Miss Margaret Ream succeeded Miss Hoover as the head of the girls' basketball at the school. Mr. Lewars' junior high team featured an undefeated season. The three basketball teams at the school had the privilege of playing in the finest gymnasium in the county. The school's new gym had been put in use this year. It measured 40′ by 64′ and the auditorium seated 900. (It's our present gymnasium.) Mr. W. K. Sneath's varsity nine surprised county competition with an undefeated season to open the new spring sport. The track squad came through with honors at the Millersville State Teachers College track and field meet. May Day again featured grade school, junior high, and senior high school tournaments in tennis and track. The first graduating class left the halls of M. T. H. S. this year.

1931–32—Mr. Lewars' soccerites finished with an even record of wins and losses and the spotlight quickly focused indoors with the start of the basketball season. The faculty organized the first cheerleading corps this year; they led the cheers and directed the yells of the audience at the junior and senior high school basketball games. There were two girls and one boy in the group. Coach Ott's basketeers won 8 of 23 games in the newly formed county high league of ten high schools. Miss Ream's lassies completed a ten game schedule undefeated to cop the Lancaster County girls' basketball championship. Mr. John Borger, at present a leading official in the county, was refereeing several of the games for the high school quintet. Mr. H. T. Griffiths organized a rifle team this year with 10 varsity members and four new guns. The group obtained a constitution and was admitted to the National Rifle Association. The "Hi-Newsette," an eight page magazine appeared in the school as a student publication carrying all the news of the various activities at the school. Coach Sneath continued his fine work at the high school to lead the diamond stars to the championship of the southern section in the county high school league. The second graduating class at Manheim Township numbered 26.

A tumbling team, under Mr. Lewars' instruction, was introduced to the list of athletic activities at Manheim Township this next year, 1932–33. The group of eleven gave exhibitions at all the township grade schools. Mr. Griffith's rifle squad had eighteen members and competed in several shoulder to shoulder matches as well as numerous intramural tournaments. The junior high school basketball team captured the championship of the newly formed Lancaster County Junior High School Basketball League. Coaches Ott and Ream received added support from the student body through

PEP assemblies which were introduced by the cheerleaders. They became very popular.

During 1933–34 the only championship team developed at Manheim Township was the soccer eleven under the coaching of Mr. Lewars. The boys won the county high race with five wins and no defeats. Mr. Griffiths announced that in three years of rifle club at M. T. H. S., the members had fired 30,000 rounds of ammunition without a single accident. The varsity track team captured the highest number of points at the Manheim Lions Club Track Meet. Mr. Ott and Miss Ream boasted better than average basketball teams and both were looking forward to a good season next year for all their protégés were listed to return.

Fall Baseball
Tennis Started
Cheerleaders Increased to 4

The year which began September 7, 1934 was indeed a banner year of winning athletic groups at the school. The soccer team opened the card with a record of winning 75% of their games for the runner-up post in the league. Mr. Ott's senior high basketball players were tie with Manor High for the county championship going into the final days of the schedule. The all important game between the two schools arrived. The auditorium was packed. Going into the last quarter, Manheim Township held a four point advantage and seemed to be the better team at the time. Out of nowhere came a Manor rally to tie the score and with but one and one-half minutes left in the fracas, the visitors tallied two field goals and a foul to win 35 to 30. Manor won the championship and MT finished second. Miss Ream's courtsters hurdled a twelve game schedule to capture the county championship in the girls' division. Mr. Lewars' junior high courtmen won 15 of 18 to finish in the runner-up post in the race. Four cheerleaders were selected this year to handle the large crowds present at the thrilling basketball encounters. Mr. Griffiths' sharp-shooters won their ten shoulder-to-shoulder matches to clinch the county championship. Fall baseball was introduced this year by Mr. Sneath, and the team profited winning three out of three. Later in the spring the boys went on their third successive championship year winning the southern section league competition. Varsity tennis was inaugurated with Mr. Ott coaching the netsters to third place in the newly organized county tennis league.

Mr. Lewars soccer protégés again won the county championships with an undefeated record during the 1935–36 season. The varsity basketball team tackled a twenty game schedule with vigor and after a successful first half seemed to run into a snag. The team won seven games. Miss Ream's girls' team played five games and were the undefeated champs of the county. This marked the termination of girls' basketball competition in Lancaster County. Mr. Lewars' junior high boys captured the league championship losing but two games. This year student athletic tickets were sold by the faculty. They cost 25¢ and admitted the owners to all the athletic games for only 10¢ additional per game. An experiment which later proved quite successful was staged by the faculty this year. A student poll was held to select the four varsity cheerleaders after tryouts had been held in an assembly program. The student body "went for it" and the practice has been continued ever since. The first Lancaster County interscholastic swimming meet was staged this year at Fackenthal Pool on the campus of Franklin & Marshall College. Ten county high schools entered teams and our group, coached by Mr. Lewars, finished sixth in the final standings. Coach Sneath's baseball candidates won three out of eight games to relinquish their three year monopoly on the county high school league championship. Coach Ott's tennis squad had difficulty this year, and finished their card without a win. Mr. Lewars track and field team won four dual meets and placed second in the Manheim Lions Club Meet. Mr. Griffiths' rangemen won four shoulder-to-shoulder matches to cop the county high school league championship. The rifle team also entered the national postal matches sponsored by the N. R. A.

Field Hockey Scheduled
Mr. Ott Resigns As Coach of Basketball

Coach Lewars' varsity booters won the county high school league race for the second straight year. However, soccer wasn't the only fall sport during this year, 1936–37. Miss Ninesteel, girls' physical education instructor, introduced field hockey to the lassies of the school, promising them a varsity schedule next year. Intramurals were held in this sport. Coach Ott's courtmen faced a 16 game schedule in a seven team league. The county this year was divided into three sections. After a better than average season, Mr. Ott resigned as coach of the sport, after leading the youths for six years. The junior high team, with nearly every varsity member returning from last year, captured the county junior high title. Mr. Griffiths led the sharpshooters of M. T. H. S. to the county championships in a five team league. In the county swimming meet held at F. & M. this year, Mr. Lewars team jumped up to third place in the meet standings. The track team came through its schedule undefeated and a girls' team won one and lost one meet in dual competition.

With a seasonal record of six wins and one loss and one tie, Mr. Lewars soccer proteges captured the 1937–38 county championships. Miss Helen Poteiger coached girls' hockey, leading the team to a 1–4–1 record in its initial year of hockey competition. Mr. Foster Ulrich succeeded Mr. Ott as coach of boys high school basketball. Student athletic tickets were increased in price to 50¢ per ticket plus 10¢ per game. Winning their eight shoulder-to-shoulder matches, Mr. Griffiths' team sharpshooters won the county title again, while also competing in the national postal matches. The spring sports, baseball (Mr. Ulrich coaching, succeeding Mr. Sneath), track, and tennis all had fair seasons with the track team being again undefeated in dual competition. This year the student body selected five cheerleaders by voting following tryouts in an assembly program.

1st Varsity "M" Banquet

Continuing their torrid pace in county soccer circles, Mr. Lewars' team again nabbed the championship from the eight teams in the league. In league competition during the 1938–39 season, Miss Poteiger's girls improved upon the previous year's record, winning two, tying one, and losing three hockey

tilts. Mr. Lewars' court artists completed an undefeated season, but lost the playoff game for the county championships. For the fifth consecutive season, Mr. H. T. Griffiths' rifle team topped all county competition, winning the Lancaster County High School Rifle Championships. Mr. Ulrich planned and sponsored the first Varsity "M" banquet at the conclusion of the sports calendar of the school. The track team won top honors at the Manheim Track Meet.

Winning from each of the seven other teams in the league, the booters of Manheim Township obtained the trophy representing the champions of Lancaster County for the fifth straight year. Completing the fall roster of athletics, Miss Cleaver, in her initial year as coach of the hockey team, directed the efforts of her candidates to the championship of Lancaster County for the 1939–40 schedule, winning five games and losing but one. Improving each year of the three years that the county swimming meet was held, Mr. Lewars' tankmen and women reached their peak when they topped 14 county schools to win the swimming championships of the county at Fackenthal Pool. During the spring the track team conquered five opponents in dual track meets. Mr. Ott's netmen split even in six matches. Junior high school county track competition was inaugurated this year and Manheim Township jumped into the lead winning the Class A division at the Lancaster Township County Junior High School Meet.

Jr. High Track Begins

The two fall sports during 1940–41 met with fair success. Mr. Lewars' team ended up with a 4–2–2 record for second place, the odd thing about the race being that Manheim Township defeated Mt. Joy, the champions, both times they played them, and both times by two point margins. Miss Cleaver's girls won four and lost four. Before the opening of the court season, the student body elected five cheerleaders and one alternate for the first year to lead the students at the basketball games. Coach Ulrich led the varsity basketeers to a fair season, winning ⅓ of their games. Coach Lewars' juniors placed second in the junior high school competition winning 10 and losing but three. Winning six meets in county competition, Mr. Griffiths, assisted by Mr. Curley, again came up with a championship team. The varsity competed in ten national postal matches this year, finishing with an average of 10th place out of the 191 schools entered. During the winter, the faculty organized a bowling team and entered the county faculty bowling league at Odd Fellows' Hall. In the spring the junior high cinder competitors won both Class A and C at the annual Lancaster Township county meet. Mr. Lewars' senior high team also came through with laurels, winning the Manheim meet.

Six Cheerleaders Picked
Faculty Bowling Started

1941–42. An infantile paralysis epidemic caused the postponement of the opening of school and forced the cancellation of soccer. Miss Bertha Wright, succeeding Miss Cleaver, however, managed squeeze in a limited hockey program, ending the season with a 1–4–1 record. During the fall, Miss Wright introduced lacrosse the national sport of Canada, to the student body, more particularly the girls. Mr. Ulrich's players finished in last place in their section of the county basketball league. The junior high team finished with 12 wins in 16 games. For the seventh straight year Mr. Griffiths' sharpshooters of the rifle range copped the Lancaster county rifle championships, being undefeated in eight dual meets. The team improved their national rating, becoming the ninth best rifle team in the United States in the national postal match averages. This year the P. I. A. A. sponsored a state championship tournament at Penn State College. Our team won the sectional title, but lost the regionals with Doylestown by one point. The swimming team under the coaching of Miss Wright and Mr. Lewars topped all county opposition to win the championship of the county. A County Wrestling Meet was sponsored and held this year at F. & M. College. Mr. Lewars entered a team and two boys won individual amateur titles. The faculty bowlers ended up in third place in the league. The spring calendar of sports marked the succeeding of Mr. Trego as coach of track. Mr. Lewars had coached the team for 13 years without a single defeat in dual, triangular, or quadrangular competition. Mr. Trego continued this record by leading his boys to five wins in dual meets for the county championship. The junior high track and field team again won the Class A title at the important county meet at Lancaster Township Junior High School's fine layout. This year 75 pupils graduated. Way back in 1932 the graduating class numbered 26.

Dec. 7–World War II

During the 1942–43 school year at Manheim Township High School, the sports calendar was localized. Soccer competition was "out." Miss Wright coached hockey, the only fall sport this year, and came up with a 5–1–0 record in competition. The league however, was not in operation. During the activity periods, Miss Wright taught the students archery, a new sport at the school. The basketball team, coached this year by Mr. George Ehemann, met with stiff opposition and finished with two wins in 16 games. The county swimming and wrestling meets were cancelled this year, but the faculty continued its bowling, although no league was in operation. Junior High basketball also was cancelled. In the spring, Mr. Paul Wenrich made his start as a coach at Manheim Township, taking over the baseball duties of Mr. Ehemann, who had won five games and lost three the previous year. Varsity Track under Mr. Trego, received its first setback in the history of the school.

Archery Started In Activities

Miss Wright's hockeyites hurdled a seven game schedule during the fall of the 1943–44 school year, winning four and losing three to finish in the second slot of the league standings. Although soccer was not conducted as a varsity sport this year, several games were played with neighboring high schools and the team came through with an even break, as far as won and lost games are concerned. Mr. Wenrich succeeded Mr. Ehemann as basketball coach this year. He conducted the players to a good season with seven wins and 11 defeats. Mr. O. P. Bollinger, the faculty manager of athletics, sponsored the printing of the first program at a basketball game in Manheim Township. Mr. Todd coached the Junior Varsity basketball players,

the first time a coach has taken over the coaching of these players. Junior high basketball was "out" this year again. During the fall and winter football became quite popular among the student body as an intramural and interclass game. The county swimming meet was again sponsored; this time the swimming was done in the pool of the Millersville S. T. C. Manheim Township tallied but five points in the meet for it was held the night of the Junior Class Play and four of the varsity swimmers were in the cast. Mr. Everett Weaver, succeeding Mr. Griffiths as coach of rifle at M. T. H. S. continued the prestige of the sport at the school. His men competed in the state tournament and after winning the regional title, went to Penn State to place second in the tournament. Because of the war, there was no league in the county and Manheim Township was the only school to continue its rifle club. In the spring a new sport was added to the school's roster. It was golf. The team was coached and sponsored by Mr. Nitrauer. The team was undefeated in two matches with York High School. Entering the state championships, the team competed at Hershey, Penna., in the regional championships. Gene Simmons, first man on the team, qualified at this meet, and went on to State College to place runner-up in the finals for the state championship. Mr. Wenrich, coaching baseball, wound up the season with six wins in eight games to place second in the sectional race. Mr. Todd took over the track and field coaching and was undefeated in dual competition. The tennis team under Mr. Ott finished the season with 2–3–1. This year seemed to be one of second place teams, for in hockey, baseball, rifle, tennis, and golf the school's representatives finished next to the winners.

1944–1945

The girls' hockey team finished with three wins, three losses, and a tie for a fair season. Soccer was dropped as an interscholastic sport, but numerous interclass games were played. Mr. Wenrich's court candidates reported for practice early in October and the spotlight soon focused on the boards of the gymnasium where the team won 12 of 19 games to finish in a third place tie in the league. Mr. Todd again coached the J-V's. Their first half schedule was completed with but one loss, but during the second half of the card, they met with difficulty and won only four games. Mr. Robert Hostetter succeeded Mr. Lewars as coach of junior high basketball, which was resumed after a two year lay-off. Mr. Lewars had coached the sport for 14 years. Mr. Weaver's sharpshooters were undefeated in dual competition and went on to win the sectional and regional championships, later placing second for the second consecutive year in the rifle championships of Pennsylvania at Penn State College. The team finished as the 13th best rifle group in the United States in the national postal matches this year. The annual county swimming meet was held at the M. S. T. C. pool in the spring. The Manheim Township girls' team won the county championship, as did the junior high team. Miss Wright coached the natators. This winter a group of junior high school cheerleaders was selected by the student body following tryouts in assembly. Seven were on the team. The senior high cheerleaders numbered six this year. During the early winter athletic season, a mammoth festival was held under the management of Mr. O. P. Bollinger at which time over $1400 was cleared to help finance the equipment for the football squad which is slated to begin next year. In the spring, the track team, with Mr. Todd coaching, competed in several dual meets, losing none of them, but the team lost a quadrangular meet at McCaskey. Mr. Ott's netmen won two while losing three and tying one match. The varsity diamond stars came up with the best team in years to come through the season with 11 wins and one loss, the one loss being in the first game of the season. The team won the sectional title with eight wins and no losses. Then in the two championship games held at Stumpf Field, the baseball team defeated Lititz and East Lampeter, the other sectional winners for the championship of Lancaster County. The Radio Corporation of America sponsored the first county all-star baseball game this year, and three players of Manheim Township's championship team played; Mr. Wenrich, the coach of Manheim Township piloted the Section A team to victory in this fray.

This year varsity football was added to the sports program at Manheim Township. The enthusiasm at the school was really running high, and the sport, which took the place of soccer has become well founded in its first year at the school. Mr. Wenrich served as head coach of the sport and was assisted by Mr. Alex Kilkuskie. The team after six weeks of practicing won its initial encounter and went on to close the season with two wins and three losses in five games. The J-V team won several scrimmage games with Patton Trade School, tied with the Columbia J-V's and lost to the Catholic High J-V's.

The inauguration of football was a progressive step in the annals of Manheim Township High School's athletic and academic programs. This all-American game builds men—it requires physical endurance, prowess, will power, mental skill, and above all, courage. Unheralded, the squad worked coöperatively with their two adept, experienced coaches, Mr. Paul Wenrich and Mr. Alex Kilkuskie in four-times-weekly sessions. Strict training rules were an absolute necessity and through the assistance of the Nutrition Department of the school the squad received special meals at school. For all future grid teams at Manheim Township, this 1945 squad prepared the way in a sound way, fighting and constantly "digging in" against superior opponents, salvaging two hard-earned victories.

It was all for one and one for all among the boys this fall. Each man worked and sweated for his position on the varsity. Each man displayed clean, hard hitting, sportsmanlike habits during the progress of the season. America's greatest sport is off on the right foot. It's here at Manheim Township High School for the youth of tomorrow to preserve, maintain, and improve.

M. T. H. S. 25–MUHLENBERG TWP. H. S. 13

Playing on a soggy gridiron, Manheim Township High School's 1945 grid aggregation inaugurated America's greatest sport with a sterling 25 to 13 triumph over Muhlenberg Township High School at Neffsville, Saturday, October 6. In pulling up the curtain at Manheim Township, the lads faltered during the opening period, but displayed determination and stamina in doggedly driving from behind to crown the memorable day with a victory.

M. T. H. S. 19–WILSON H. S. 0
Saturday, October 13

Fine football weather and a fine crowd of spectators set the stage for the Blue and White's second football start. Coaches Wenrich and Kilkuskie had worked the squad of over 40 in over six weeks of grueling, body-building practice sessions. Every last player was glad for the stamina he had developed under the coaches' training. Manheim Township out-maneuvered, out-drove, and defeated Wilson High School of West Lawn, 19 to 0. The Blue and White players proved successful in three goal line stands in this fray to merit this hard-earned shutout.

M. T. H. S. 13–WYOMISSING 26
Saturday, October 20

Traveling to foreign territory for the first time in the school's history, the Blue and White were outplayed by a fine team from suburban Reading. The sun shone brightly on the gridiron situated in the beautiful campus of the newly built school. The 2500 spectators made the event very colorful. Wyomissing was never topped all afternoon as the Neffsville lads fought in an effort to register a third win. M. T's. last ditch passes all failed to reach "pay dirt." The fans and followers of Manheim Township returned homeward with a 26–13 defeat to digest.

M. T. H. S. 19–RED LION 28
Saturday, November 3

The local novices bucked into a weighty team with many years' experience when they tackled their York County opponents, Red Lion, on the Neffsville field. The underdogs threw a big scare into the visitors with a touchdown in the opening minutes, attributed to a recovered fumble and three neat end runs. The lead seesawed until shortly after half time when Red Lion took an eight point advantage. Never conceding defeat, the Blue and White continued driving and tallied a touchdown late in the final quarter. The team left the field tired, but encouraged since they had succumbed only after a staunch battle.

M. T. H. S. 0–LITITZ 33
Saturday, November 10

Competing in their last high school gridiron encounter were 12 seniors of Manheim Township High School. The shutout at Lititz proved a hard pill to swallow for all, but the team played a fine, steady, serious brand of ball in bowing to the county high school grid champions. The locals suffered their first and only shutout although there was one M. T. score that was nullified. Some fine defensive play, especially punting by Don Good, featured the game's makeup, but nevertheless, the Blue and White failed to solve the Pretzels tricky wide end sweeps with which they scored all their touchdowns. Manheim Township's initial football season resulted in two wins and three setbacks. The locals scored 76 points to their opponents' 100. Twenty-one men received Varsity "M's" for football and 23 were awarded numerals.

Braving the irregular weather conditions of the fall, the student-elected varsity cheerleaders directed the enthusiasm of Manheim Township's pigskin followers. With but two weeks break the same energetic group directed capacity crowds from the boards of the basketball courts at all the games which the Manheim Township quintet played. With the help of Miss Leaman's untiring direction, this body hit cheerleading peaks this year.

Achieving the greatest heights of basketball fame in all its fifteen years' history, Manheim Township High School's varsity court team won 23 out of 26 games in annexing the Pennsylvania State District Three Class "B" scholastic basketball championships and becoming eastern finalists in the "Keystone State" Class "B" tournament. The industrious, courageous members of the team earned this position by truly hard work as they coöperated with their expert strategist and worthy coach, Paul L. Wenrich, and the able assistant coach, Alex Kilkuskie. In addition, credit should go to the faculty members responsible for the management and finance of the team, the energetic cheer, leaders directed by Miss Rebecca Leaman, and the host of loyal supporters of the Blue & White throughout the extended season.

Coach Wenrich opened the winter sport immediately at the conclusion of football. With a week's practice, the boys entered their competitive campaign. The squad included five seniors and a junior with two years of varsity experience, several juniors with one year records, and a number of sophomore rookies.

Displaying snappy passing and accurate shooting, the team stampeded through its first half schedule untouched, having beaten the strongest quintets in Lancaster County. This drive featured exciting victories over East Hempfield

and Lititz, later the county's championship finalists. The boys' 11-game undefeated record was halted when, at Lititz before a turnaway crowd of over 1500 spectators, the fellows finished on the short end of a 42 to 37 decision in spite of converting 19 out of 25 foul shots. A crushing, heart-rending aftermath to this occasion was the stunning, tide-turning upset at Millersville, as Manor High, taking full advantage of their opponent's spotty night, came through with a 33–28 win. Settling themselves, the fellows wound up their season with four decisive victories, clinging to their slim mathematical chance of a sectional play-off berth. All hopes waned as Lititz edged Ephrata in a nip-and-tuck battle, winning the Section Two title, going on to capture the Lancaster County championships.

Throughout the season, record attendances served notice of the enthusiastic following the boys had built up in the ranks of the students, alumni, and parents. Numerous social nights featuring dancing and refreshments after the games turned out to be great successes, with as many as several hundred attending in a night. Then it happened!

We're in the play-offs! We're in the play-offs!—Like winged lightning this cry resounded through the corridors as rejoicing students read the news of Manheim Township's entrance into the state championships. Although M. T. H. S. finished second in the league race, under a new P. I. A. A. ruling they were entitled to entrance in the state play-offs as a Class "B" representative since Lititz, sectional winner, had unexpectedly chosen to enter the Class "A" play-offs. Fans, faculty, students, and players alike entered wholeheartedly into the spirit of the occasion, preparing for the grueling District Three schedule. Nearly everyone became tournament conscious, and "King Enthusiasm" reigned at an unparalleled pitch.

Playing an inspired, aggressive brand of basketball, the Manheim Township varsity fought with all their might in registering startling triumphs in rapid-fire order over Mohnton High School, Duncannon High, and Hamburg High School to reach the finals of District Three. Under Coach Wenrich's faithful guidance, the lads exhibited the finest brand of basketball of their careers in being crowned the Class "B" District Three (the state is divided into twelve districts; District Three includes Lancaster, Lebanon, Berks, Dauphin, York, Cumberland, Perry, Adams, and Franklin counties) champions with a 39–30 victory over Palmyra High School before 2800 frenzied rooters in the Hershey Industrial School gymnasium.

Playing at the McCaskey High School before another large, booming mass of fans, the team became known as the "Blue Streaks" in hurdling Weatherly High School from near Hazleton, champions of Districts 1 and 11, 26 to 21. The "Streaks" took to the Hershey floor once more in the eastern Pennsylvania State finals against Fell Township from above Scranton. In a sensationally contested, grueling fracas, the Neffsville team was eliminated from the state finals, 36–32, on a desperate surge from behind on the part of the Fell Township team of well-balanced, likeable scrappers from Simpson, Pa. These same boys captured the Pennsylvania State College Class "B" Championship Title a week later with a 37–34 triumph over Stoney Creek High School, highly touted champions of western Pennsylvania.

Members of this 1945–46 varsity court aggregation, state District Three Class "B" champions and cup winners, and eastern finalists in the Pennsylvania Interscholastic Athletic Association's Class "B" tournament, were seniors Donald Good, Edwin Miller, Robert L. Herr, and Bro Martin; juniors William Sauer, Richard Dreisbach, and Robert Nash; and sophomores Gerald Overly and William Henderson. In December, 1945, Paul Herr, the fifth senior on the varsity, enlisted in the United States Navy, after competing up until the first Manor fray.

1945 RECORD

For the second consecutive year, Manheim Township's Rifle Team, has placed runner-up in the annual Pennsylvania State Interscholastic Rifle Association's tournament. This marks the first time an athletic team at Manheim Township has ever attained state-wide honors. Mr. Everett Weaver coached skillfully both teams and is carrying on again this year. The 1945 varsity won matches with Reading High School and Quakertown High School in the process of district play-offs. Therefore, the team qualified for the state championships at State College. The Blue and White nimrods fired 984 out of a possible 1000 to place runner-up to Oakmont High School of Pittsburgh (987 out of 1000) in the 1945 state rifle championships. Third place went to Dubois High, coached by Mr. H. T. Griffiths, former rifle coach and principle at Manheim Township High School.

M. T. sharpshooters have annexed the Lancaster County rifle championships for the past decade. During the war, local competition was halted principally out of lack of ammunition and transportation. The teams of the United States organized National Postal Matches. Over 300 schools entered each month with ten men firing on a team, their five highest scores qualifying to make a possible of 500. Manheim Township High has ranked no less than 17th in any of the four postals during 1945.

The sport has become quite popular here. Riflery is unique in its demands. In order to be proficient in it, one must be patient, very steady, complacent, and must have good eyesight, good coördination and determination. It is chiefly through the efforts of Mr. Weaver and the record of the team that the rifle range has become so familiar to many students at M. T. H. S.

The 1945 baseball team produced one of the most eventful seasons in the annals of the diamond sport at Manheim Township High School. They triumphed in 11 out of 12 contests to become the champion team of Lancaster County.

Opening the spring routine in early April, Coach Wenrich's lads "hit the dirt" in being tripped by Lititz in their initial tilt. Avenging this loss with a 5–2 win over the same team the following week, the boys settled down. They took firm, determined stances in the batters' boxes, and proceeded to pound out decisive victories over all the opposition facing them. With the hurling staff performing unwaveringly, the fielding remaining in the 900 percentile bracket, and the team spirit constantly surmounting, the Blue and White pranced into the county play-off series at Stumpf Field in Lancaster. In completing their league schedule in Section A undefeated, the boys amassed double victories over Quarryville, Manor, West Lampeter, and Strasburg.

Student enthusiasm and interest was at an unparalleled peak as the team entered the crucial game with Lititz, winner of Section B. Due to frequent errors (the "pressure" on the players was great), the locals trailed at several anxious moments during the fracas, especially when showers threatened to end the game with the Pretzels leading. But when the sun appeared again, amid the rabid shouts of encouragement by the large crowd of M. T. H. S. supporters, the varsity nine knotted the score again. Only the cool determination and the unfaltering will to win, of the coach and players brought victory to Manheim Township in the eleventh frame, 8 to 7, after the fellows had pounded out 19 safe hits.

In the final game of the play-off series, the lads met East Lampeter, winner of Section C through a play-off with New Holland High School. The weather was ideal for the great American sport that Friday afternoon, May 23, 1945. The Township aggregation decisively whitewashed their challengers 6–0, while clinching the Lancaster County Baseball Championship before a wildly rejoicing crowd of rooters.

Playing the home matches on the fine courts of the Lancaster Tennis Club, the netmen, although hindered by lack of practice facilities, completed their spring competition with keen, plucky spirit. These netsters registered a thrilling victory over Mt. Joy. One of the team, Jack Hager, entered in the district tournament, but he was eliminated in the second round. Mr. Ott coached the team during the spring schedule.

Displaying some fine ball handling and shooting, the junior high court squad compiled an "on and off" record this past fall. At times the boys flashed real skill in the various maneuvers that make up basketball, and at other times they faltered somewhat. Coach Hostetter's youthful enthusiasts practiced faithfully all year, and are developing the fundamental arts of basketball. There is some promising material in the ranks of this squad.

Miss Wright's protégés opened the fall campaign in a very impressive manner, gaining ties with three successive opponents. The Blue and White tunics continued undefeated as the weeks went by and found that they were tied for the league leadership with but two tilts yet to be played. The girls dropped them both—to Manheim (1–3) and to Lititz (2–3). The 1945 season ended with the team occupying third place in the Lancaster County High School Field Hockey League. The 3–2–3 record, nevertheless, marked an improvement over recent seasons. The competition featured some fine defensive play. In wins over East Donegal and the Lancaster Country Day School, the forward line sparkled also.

Class History

• • •

For us, the seniors, this is an all-important year. This is the time for parting; therefore a time to pause and look back over the momentous and the trivial events which have occurred in our high school careers.

After jumping the ninth grade promotion hurdle, we found ourselves in the swirl of upper-class activities. Although not particularly significant to anyone but ourselves then, we slowly gained recognition as we successfully passed each grade.

From our science class trip to Franklin and Marshall Observatory up to the Faculty-Senior party, we have had many good times. Hallowe'en parties, picnics, doggie roasts, trips to Hershey, and hayrides greatly filled our class social schedule. Then, naturally, we attended the track meets, basketball, baseball, and hockey games.

Social hours were held after the basketball games in which the students of M. T. H. S. and visiting students could have fun dancing or could buy something to eat at the snack-bar. In this way we made many new friends.

In our sojourn within these walls, we have seen a new era of extracurricular activities come into existence. The 1944 presidential campaign, which was conducted so vigorously, enabled us as students to express ourselves politically. We have seen football inaugurated successfully. Eagerness to have this sport in Manheim Township was proven by the overwhelming response of students and patrons to this highly competitive game. The football festival in the fall started the special fund and since that time everyone had either physically, mentally, or financially supported this activity. The first Spring Concert was presented in Manheim Township when we were juniors. A musical program featuring band, orchestra and choir, its success brought forth a proposal of an annual concert program.

"Alibis Limited" and "Spring Green" were the two results of our histrionic ability in our junior and senior years respectively. These productions necessitated hard work; but now they remain only as pleasant memories.

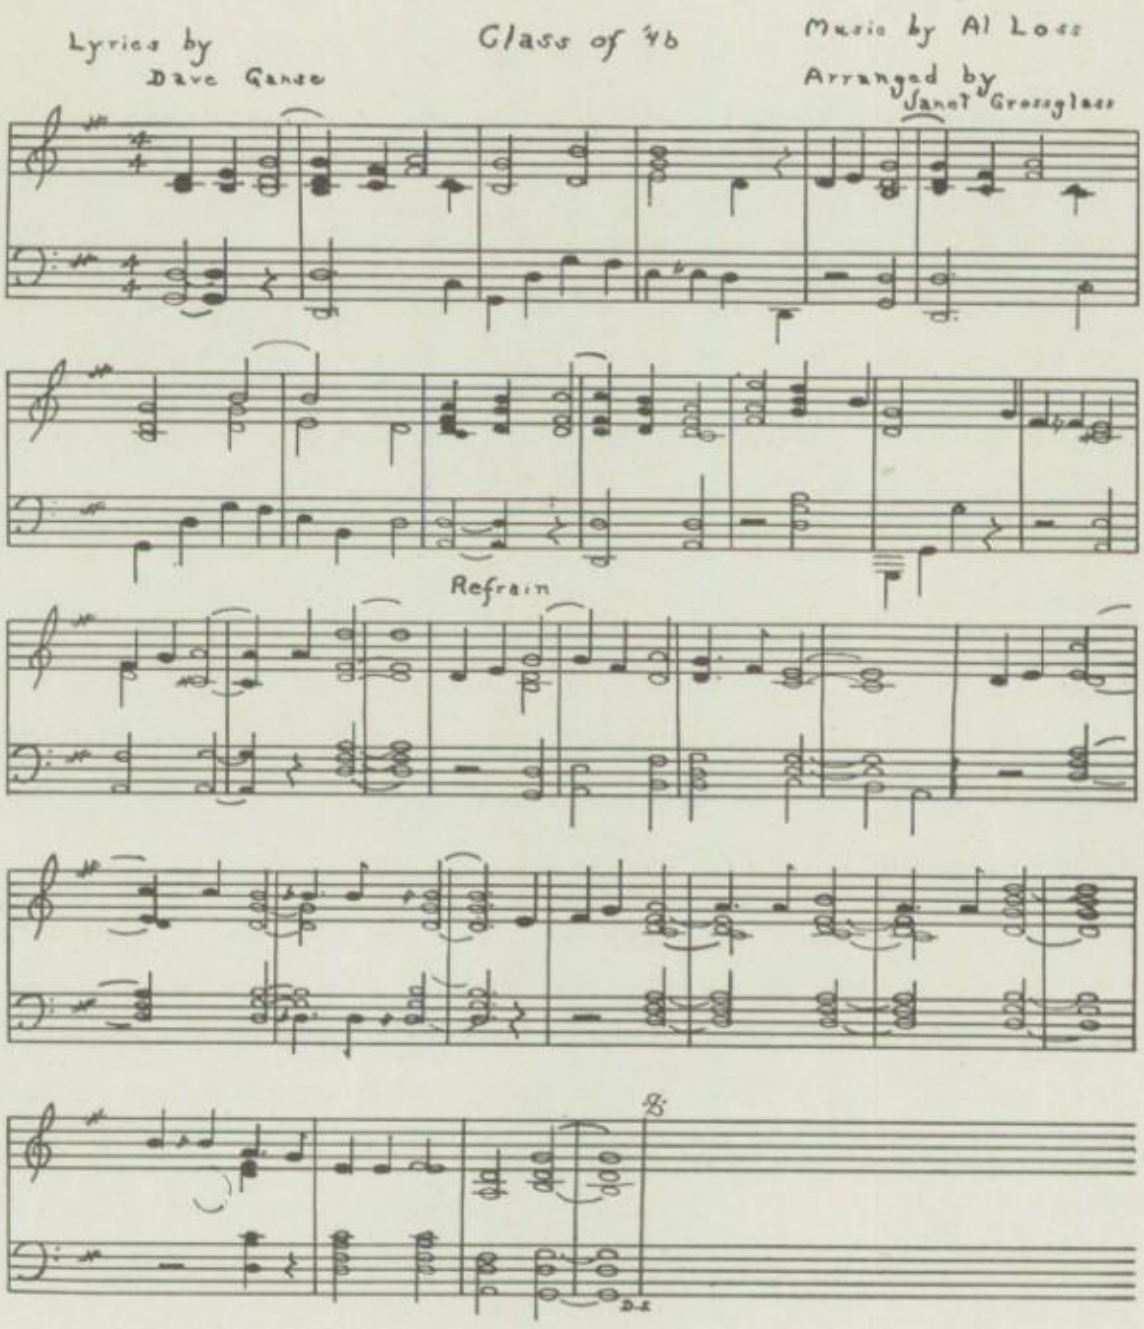
Then there are many little things that we will not forget even in years hence. The language assemblies—Latin, German, and French; our quiz program in which we—then juniors—opposed the seniors; those Tri-Hi-Y initiations.

While the majority of us were happily involved in school activities, six of the boys from our class entered the armed forces. Although they were unable to finish high school with us, we did not forget them.

Now as the first class in four years to graduate into a world which has declared peace, we face new responsibilities and more demanding duties. Through our endeavors in this high school, we have formulated the basis of all our thinking. To everyone who has, in some way, helped to make our life pleasant in this high school, we humbly say thanks.

Class Song

• • •



Through the halls of Manheim Township
Rings the anthem, proud and true,
Of the famous class of '46
And how it fought for the white and blue.

Refrain:
With all done we've lost and we've won,
And we did them both fair and true;
So here's a toast to the star of them all.
Class of '46, how we love you.

From the gridiron to the classroom,
From the choir and the band,
Comes the praise of good old '46,
The finest class in this wonderful land.

Smiles are broad and eyes are bright
When they tell of the tried and true.
'46, the best class of them all.
The finest one that they ever knew.

At M. T. H. there's a song you will hear
Of the finest you've ever seen.
It's old '46, the grandest yet.
It is our own grand class we mean.

Our teachers always encouraged us
As our knowledge ever grew.
We can never ever hope to pay
The debt that we'll always owe to you.

HAVE you enjoyed looking at the family album that your grandmother cherished? Sure you have.

In the years ahead of you, this school annual will probably be handled by future generations with the same kind of chuckles you gave out when you looked at the pictures of grandma as a girl.

Today Grandma's pictures are old fashioned. Yours are modern. In the years to come yours will be old fashioned too, for new techniques in the printing business will make them so.

Having printed Grandma's pictures in the past and yours today, we hope to print those of your children in the future as they graduate from the schools of Pennsylvania.
